WHAT ARE THE SUSTAINABLE DEVELOPMENT GOALS?

The Sustainable Development Goals are a universal call to action by the United Nations to end poverty, protect the planet and ensure that all people enjoy peace and prosperity by 2030. The SDGs seek to encourage governments, business and other players to focus on sustainable development. Businesses are called on to apply creativity and innovation to solving development challenges.

So does Deutsche Post DHL Group – the world's leading mail and logistics company.

OUR FIVE FOCUS SDGs AND HOW WE SUPPORT:

We seek to make quality education and lifelong learning opportunities accessible for all.

We support growth by facilitating global trade in a responsible manner.

We minimize (transportation-induced) air pollution in cities and support disaster-affected communities.

We seek to minimize our business' impact on the environment with our environmental protection program.

We collaborate with the UN and other partners to ensure sustainable impact of our activities.
